## ALIGNING GP PRO SOLUTIONS WITH OSHA GUIDANCE

v060320

# ACTIONABLE HYGIENE CHECKLIST

To assist you in assuring safe and healthful workplaces for all employees, this Actionable Hygiene Checklist aligns GP PRO solutions to OSHA guidance specific to COVID-19.

[CLICK FOR FULL VERSION](#)

Implementations		Action
Basic Infection Prevention Measures		“ <b>Promote frequent and thorough hand washing</b> , including by providing workers, customers, and worksite visitors with a place to wash their hands. If soap and running water are not immediately available, provide alcohol-based hand rubs containing at least 60% alcohol.”
		“Provide customers and the public with <b>tissues and trash receptacles</b> .”
		“Maintain regular housekeeping practices, including routine <b>cleaning and disinfecting of surfaces</b> , equipment, and other elements of the work environment.”
Engineered Workplace Controls		“Installing <b>physical barriers</b> , such as clear plastic sneeze guards”.
Safe Workplace Practices		“Providing resources and a work environment that promotes personal hygiene. For example, <b>provide tissues, no-touch trash cans, hand soap</b> , alcohol-based hand rubs containing at least 60 percent alcohol, disinfectants, and <b>disposable towels</b> for workers to clean their work surfaces.”
		“Requiring <b>regular hand washing</b> or using of alcohol-based hand rubs. Workers should always wash hands when they are visibly soiled and after removing any PPE.”
		“ <b>Post handwashing signs in restrooms</b> ”
