material

If only it were just about serving food, right? But of course, it's not.

While center of plate is no doubt at the center of your life, the patron experience extends well beyond that. It extends to the expertise of GP PRO®. And for us, quality matters because your image matters. We see you. And we hear you. That enables us to solve real-world problems in a world where unpredictability is the order of the day.

GP PRO® creates products that not only make an impact on patrons. They can also impact your bottom line with waste-reducing, cost-efficient design.

And it's Dixie Ultra® innovation that allows ultra-cleanliness and reduced packaging to go hand-in-hand. With Dixie Ultra®, it's often those small switches that make a huge difference. The fact is, patrons are willing to pay a few pennies more for a carton that won't leak. A fork that won't snap. Or a napkin dispenser that allows them to take *just the right amount*. It's a difference that patrons see, feel — and yes, talk about.

At the end of your very long day, we're here for you. Constantly listening, iterating and improving. When the stream of customers seems never-ending, we think you'll appreciate how Dixie Ultra® products helps you streamline operations.

GP PRO® knows you've got a ton on your plate. **Let us help with that.**

GP PRO — a company long recognized for quality, cleanliness and innovation — is proud to stand behind the Dixie® and Dixie Ultra® family of products.

FOAM-FREE, DURABLE TABLE TOP SOLUTIONS

DIXIE ULTRA® HEAVY WEIGHT PAPER PLATES AND BOWLS

SPACE-EFFICIENT
Require 66% less storage and shipping space than polystyrene foam.

PATENTED DESIGN
Patented rim design offers a stronger plate and Soak-Proof Shield® contains even the messiest foods.

EcoSmart
by Georgia-Pacific
USDA Certified Biobased product.

Recyclable and Compostable*
*Product may be recycled if you have access to a recycling facility that accepts paper product containing food residue. Product may be processed in commercial composting facilities that have final screening capability. Such facilities may not exist in your area. Product contains approximately 91% compostable cellulose fiber by weight.

DIXIE® PERFECTOUCH® INSULATED PAPER HOT CUP

INTELLIGENT
Comfortable, sturdy, non-slip feel. Patented paper process provides unique insulation.

COST EFFECTIVE
Eliminates the need for costly double-cupping and sleeves.

EcoSmart
by Georgia-Pacific
USDA Certified Biobased product.

Contains approximately 80% renewable material*
*Renewable material includes plant-based materials that can be regenerated at a faster rate than they are used.
Recyclable and Compostable†
†Product may be recycled if you have access to a recycling facility that accepts paper product containing food residue. Product may be processed in commercial composting facilities that have final screening capability. Such facilities may not exist in your area. Product contains approximately 80% compostable cellulose fiber by weight.

IMAGE ENHANCING, WASTE REDUCING DISPENSING SOLUTIONS

DIXIE ULTRA® INTERFOLD NAPKIN DISPENSER

COST EFFECTIVE
Helps reduce usage by 29% when switching from standard full fold napkin format. When switching from a full fold napkin to the Dixie Ultra™ 2-ply interfold napkin and dispensing system

EASY TO MAINTAIN
New latch system enables operators to open with just a lift of a finger.

EcoSmart
by Georgia-Pacific
100% recycled fiber, plus select third party sustainability certifications.

EPA COMPLIANT
Contains at least 50% Post consumer recycled fiber. Meets or exceeds EPA comprehensive procurement guidelines.
epa.gov/smm/comprehensiveprocurement-guidelinespaper-and-paper-products

DIXIE ULTRA™ SMARTSTOCK® CLASSIC/AUTO/MINI CUTLERY DISPENSER SYSTEM

COST EFFECTIVE
Reduce usage on average by 29% compared to open bins.

INCREASED FOOD SAFETY
Promotes good hygiene - enclosed design helps protect cutlery from contaminants.

IMAGE ENHANCING
Helps provide a clean and hygienic counter space.

EcoSmart
by Georgia-Pacific
Reduces usage on average by 29% compared to open bins.
Source: Independent research commissioned by Georgia-Pacific Sept 6, 2011.

STRONG, SUSTAINABLE CLEANING SOLUTIONS

DIXIE ULTRA™ FLAX DISPOSABLE FOODSERVICE TOWEL

SAFE MATERIAL
Safe from hazardous metals and other residual materials sometimes found in rags.

COST EFFECTIVE
Can be more cost effective than rags and rental shop towels.

ABSORBENT
Naturally absorbent and designed to handle both light-duty and heavy-duty cleaning.

EcoSmart
by Georgia-Pacific
BPI® Certified as compostable. USDA Certified Biobased product. Can help earn LEED® credits. (Product is compostable in commercial composting facilities. Such facilities may not exist in your area. BPI® is a trademark of the Biodegradable Products Institute. www.bpiworld.org)
